INDEX TO PUBLICATIONS

by

SCHOOL INFORMATION AND RESEARCH SERVICE

1959-60 through 1968-69

SIRS is pleased to issue its second master index. The era covered by this index is 1959-69, the first ten years of SIRS' existence. Since filing space is limited we started with the idea that we would ruthlessly eliminate out-of-date information. We must admit that we did not eliminate as much as we expected because the decisions were "tough" and it was easier to retain it just once more.

Again we have tried to cross-index where possible. We repeat our request of December, 1967, that we will appreciate suggestions for improvement so the index may become more useful. We have yet to receive a suggestion although we are positive that we simply didn't hear your comments.

INDEX TO PUBLICATIONS FROM 1959-60 THROUGH 1968-69

Note: In preparing this index, an attempt has been made to group publications under appropriate headings. These classifications, however, are not mutually self-inclusive but tend to overlap. It may be necessary, therefore, to look under more than one heading.
